6. The Guaranteed surrender benefit shown above reflects the guaranteed surrender value excluding the guaranteed surrender value of accrued regular additions. The Non guaranteed surrender benefit shown above reflects the special surrender value.
7. The policy will acquire a surrender value after payment of two full years' premium. The surrender value payable will be Guaranteed Surrender Value plus guaranteed surrender value of accrued regular additions, if any, at the point of surrender or Special Surrender Value, whichever is higher.The displayed Special Surrender Values are not guaranteed and only indicative. These may change from time to time subject to approval from IRDAI. The policyholder is advised to check the Special surrender value payable with the company before surrendering.
8. The surrender values are illustrated assuming that all the instalment premiums payable in a policy year are paid and that the event occurs at the end of the policy year. The surrender values will be lower than those illustrated above if surrender takes place before the end of the policy year or if all the instalment premiums payable in that policy year have not been paid.
9. Regular Additions and Cash Bonuses are indicative given gross returns of 4% and 8% and are at the discretion of the Company. Regular Additions and Cash Bonuses will vary depending on the performance of the participating fund. They may also vary at a policy level and reflect your sum assured, premium payment term, policy term and age.
10. For the purpose of illustrations we have assumed 4% and 8% as the lower and the higher rates of investment returns respectively, in the calculations. These are in accordance with the guidelines issued by IRDAI and in no way signify our expectations of investment returns. The actual investment return may be higher or lower than the above rates

4. Lifelong Income: 5 years after your premium payment phase stops, i.e. from Feb 2036 , you start getting income. Some part of your income will be guaranteed and some will depend on bonuses. Refer the table below for details of the income you are likely to receive:

How to read and understand this benefit illustration?

This benefit illustration is intended to show year-wise premiums payable and benefits under the policy, at two assumed rates of interest i.e., 8% p.a. and 4% p.a.

Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits these will be clearly marked "guaranteed" in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns, of 8% p.a. and 4% p.a. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance.

(2) A policy of life insurance may be called in question at anytime within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud: Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision is based. Explanation I. For the purposes of this sub-section, the expression 'fraud' means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy: (a) the suggestion, as a fact of that which is not true and which the insured does not believe to be true; (b) the active concealment of a fact by the insured having knowledge or belief of the fact; (c) any other act fitted to deceive; and (d) any such act or omission as the law specially declares to be fraudulent. Explanation II. Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak. (3) Notwithstanding anything contained in sub-section (2), no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that there was no deliberate intention to suppress the fact or that such mis -statement of or suppression of a material fact are within the knowledge of the insurer. Explanation - For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured. (5) Nothing in this section shall prevent the insurer from calling for proof of age at anytime if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal."
