Features of ICICI Pru1 Wealth

ICICI Pru1 Wealth is a plan which is designed to give you life cover and help you grow your wealth over the long-term. This policy is unit linked which means that the benefits you receive will depend on the performance of the fund(s) you have selected.

This document has been designed to help you understand your policy better by explaining some of its key features.

The complete details of all the features is available in the Policy Document. Do go through that document as well to get a complete understanding of your policy.

1

How does this plan work?

At the time of entering this policy, you would have made two important choices:

- The premium amount that you will pay, i.e. One Time Premium amount
- The number of years after which your policy matures i.e. Policy Term

Your premium will get invested in the funds of your choice. Your investment will grow as per the returns earned by these funds. At the end of 5 years i.e. in Feb 2026 your policy will mature and a lump sum amount which is equal to your fund value will be paid out to you.

2

What is the premium that I have to pay and for how many years?

You don't have to pay any more premiums, as you have already paid a one-time premium of ₹ 47,75,000/- .

3

How will my money be invested in this policy?

Your money will be invested through the Automatic transfer strategy, as this is the option chosen by you to invest your money in this policy.

As per this investment strategy, your premium amount is initially invested in an Income or a Money Market Fund and then a pre-defined amount is transferred every month to an Equity fund.

In your policy you have chosen to invest your premium in Income Fund ₹ 3,97,917/- will be transferred from this fund to Maximiser V Fund based fund chosen by you.

. Every month which is the equity

13. This illustration is based on the terms and conditions of the life insurance policy as on date of the illustration.
14. This benefit illustration is merely an example and is based on the data provided by you in the application form. The illustration is based on the basic mortality charge. However the illustration could change in case we charge extra premium based on underwriting guidelines.
15. Commission/ Brokerage, as mentioned in the table above, reflects a fixed percentage payable to the agent/broker. This percentage may vary depending on various performance parameters. Commision/brokerage is not a seperate charge in the policy & this will not impact your illustrated benefits in any way.
16. Tax benefits under the policy are subject to conditions under Section 80C and 10(10D) of the Income Tax Act, 1961. Tax will be deducted at source on payouts made under all taxable policies subject to conditions as per Section 194DA (applicable on polices issued to resident Indian) or 195 (applicable for policies issued to Non-resident) of Income Tax Act, 1961, Goods and Services tax and applicable cesses will be charged extra as per prevailing rates. Tax laws are subject to amendments from time to time.

How to read and understand this benefit illustration?

This benefit illustration is intended to show what charges are deducted from your premiums and how the unit fund, net of charges and taxes, may grow over the years of the policy term if the fund earns a gross return of 8% p.a. or 4% p.a. These rates, i.e., 8% p.a. and 4% p.a. are assumed only for the purpose of illustrating the flow of benefits if the returns are at this level. It should not be interpreted that the returns under the plan are going to be either 8% p.a. or 4% p.a.
Net Yield mentioned corresponds to the gross investment return of 8% p.a., net of all charges but does not consider mortality, morbidity charges, underwriting extra, if any, guarantee charges and cost of rider, if deducted by cancellation of units. It demonstrates the impact of charges exclusive of taxes on the net yield. Please note that the mortality charges per thousand sum assured in general, increases with age.

The actual returns can vary depending on the performance of the chosen fund, charges towards mortality, morbidity, underwriting extra, cost of riders etc. The investment risk in this policy is borne by the policyholder, hence, for more details on terms and conditions please read sales literature carefully.
Part A of this statement presents a summary view of year-by-year charges deducted under the policy, fund value, surrender value and the death benefit, at two assumed rates of return. Part B of this statement presents a detailed break-up of the charges, and other values.

The Insurance Laws (Amendment) Act, 2015

Section 41 Prohibition of rebates: (1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect

of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person

taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer: *Provided that*

acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of

premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent

employed by the insurer. (2) Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

Section 45 Policy not to be called in question on ground of mis statement after three years: (1) No policy of life insurance shall be called in question on any ground whatsoever after the

expiry of three years from the date of the policy, i.e., from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to

the policy, whichever is later. (2) A policy of life insurance may be called in question at anytime within three years from the date of issuance of the policy or the date of commencement of risk

or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud: Provided that the insurer shall have to communicate in writing to the insured

or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision is based. Explanation I. For the purposes of this sub-section, the

expression 'fraud' means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy: (a)

the suggestion, as a fact of that which is not true and which the insured does not believe to be true; (b) the active concealment of a fact by the insured having knowledge or belief of the fact;

(c) any other act fitted to deceive; and (d) any such act or omission as the law specially declares to be fraudulent. Explanation II. Mere silence as to facts likely to affect the assessment of the

risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his

silence is, in itself, equivalent to speak. (3) Notwithstanding anything contained in sub-section (2), no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can

prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that there was no deliberate intention to suppress the fact or that such mis

-statement of or suppression of a material fact are within the knowledge of the insurer. Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the

policyholder is not alive. Explanation. - A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the

insurer. (4) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival

of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was

incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued: Provided that the insurer shall have to communicate in writing to the

insured or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision to repudiate the policy of life insurance is based: Provided

further that in case of repudiation of the policy on the ground of mis-statement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the

date of repudiation shall be paid to the insured or the legal representatives or nominees or assignees of the insured within a period of ninety days from the date of such repudiation.

Explanation - For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the

insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured. (5) Nothing in this section shall

prevent the insurer from calling for proof of age at anytime if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are

adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal."

There would be no additional charge for selecting the Automatic Transfer Strategy. Under this strategy, you invest all or some part of your investment in low risk Money Market Fund or Income Fund and then systematically transferring a fixed amount every month into an equity fund i.e. Maximiser V, Multi Cap Growth Fund or Value Enhancer Fund. This transfer will be done in equal instalments in not more than 12 monthly instalments. The Policyholder can opt for a transfer date of either 1st or 15th of every month. If the date is not mentioned, the funds will be switched on the 1st of every month. If the 1st or 15th of the month is a non-valuation date then the next working day's NAV will be applicable. At the time of transfer, the required number of units will be withdrawn from the fund chosen, at the applicable unit value, and new units will be allocated in the chosen destination fund. The minimum transfer amount is Rs. 2,000. The Automatic Transfer Strategy will not be applicable if the source Fund Value is less than the amount nominated for transfer.
