Features of ICICI Pru Guaranteed Wealth Protector Plan

IN THIS POLICY, THE INVESTMENT RISK IN THE INVESTMENT PORTFOLIO IS BORNE BY THE POLICY HOLDER.

ICICI Pru Guaranteed Wealth Protector is a plan which is designed to give you life cover and help you grow wealth over the long-term. This policy is unit linked which means that the benefits you receive will depend on the performance of the fund(s) you have invested in.

However, regardless of the fund performance, you will receive at least 101% of the money you will invest.

This document provides answers to a few common questions that you may have regarding this policy

1

How does this plan work ?

At the time of entering this policy, you would have made two importance choices:

- The premium amount that you will pay
- The number of years for which you will pay premium.

You would have selected either One Pay (pay just once) or opted to pay premiums for 5/7 years. Your premium will get invested in two funds after deduction of charges. Your investment will grow as per the returns earned by these funds. At the end of 12 years i.e. in Feb-2033 your policy will mature and a lump sum amount which is equal to your fund value will be paid out to you.

2

What is the premium that I have to pay and for how many years?

You have to pay a premium of ₹5,00,000 every year for 7 years

3

What funds will my premium get invested in?

In this plan, your money will be invested in two funds:

1. Life Growth Fund - this is an equity oriented fund
2. Life Secure Fund - this is a debt oriented fund

At the beginning of the policy, your premium will be split across these two funds, depending on your age. In your case, your premium has been split in a proportion of 60% in Life Growth Fund and 40% in Life Secure Fund respectively.

Every three months, the proportion of your money in these funds will be rebalanced, based on the respective fund performances and the number of years completed in the policy.

4

Will the investment split between the two funds remain the same throughout the policy term?

No. Your premiums will be split between the two funds in a proportion which changes depending on how many years you have completed in the policy. To begin with, a higher proportion of your money will be invested in the Life Growth fund. As your policy approaches Maturity, an increasing proportion of your money will be invested in the Life Secure fund.

Do note that the proportion of your money invested in Life Growth Fund will always be between 10% and 60%. For details on how the proportion changes with time, refer to Part E of the Policy Document.

of the last eight policy quarters. A Wealth Booster will be allocated at the end of the tenth policy year. Wealth Booster will be 3.25% or 1.25% of the average of Fund Value on the last business day of the last eight policy quarters, for Five Pay and One Pay respectively. Loyalty Additions and Wealth Booster are guaranteed and shall not be taken back in any circumstances. Loyalty Additions and Wealth Booster will be made by allocation of units.

4. On maturity of the policy, the Policyholder is entitled to the higher of the following:

- i. Fund Value, including Loyalty Additions and Wealth Booster.
- ii. Assured Benefit, as described above (reduced by partial withdrawals, if any)

5. Surrender Values illustrated assume that surrender occurs at the end of the policy year.

i. If the policy is surrendered during the first five policy years, the Fund Value after deduction of applicable Discontinuance Charge, shall be transferred to the Discontinued Policy Fund and the Assured Benefit and the risk cover shall be revoked. The Policyholder may revive the policy by paying overdue premiums, if any, within a three year revival period from the date of first unpaid premium. If the policy is not revived, the nominee or the Policyholder, as the case may be, will be entitled to the DP Fund Value on the earlier of death and expiry of the lock-in period.

ii. On surrender of the policy after the completion of five policy years, the Policyholder is entitled to the Fund Value.

6. The Death Benefits illustrated assume that death of the Life Assured occurs at the end of the policy year and the monies are not in the Discontinued Policy Fund. Death benefit will be the highest of the following:

- i. Fund Value
- ii. Sum Assured (reduced by applicable partial withdrawals, if any)

Minimum Death Benefit will be equal to 105% of sum of all premiums paid till date of death of the Life Assured.

Year 1 to Year 5	Thereafter
2.52% pa	1.20%pa

- Mortality Charge:** This is the cost of your life insurance cover. This will vary depending on your age, fund value and the life insurance cover that the policy offers.

6

What are the benefits that I get from this policy?

Maturity Benefit: At the end of 12 years, i.e. in Feb-2033 you will get your fund value as the Maturity Benefit. Your fund value will be determined by the returns earned by the funds.

There are 2 aspects that will help increase your fund value:

1) Loyalty Additions : Starting from the end of 6th year onwards, we will add 0.25% every year to your fund value if you stay invested for that year. This will be added to your funds every year i.e. end of year 6, 7, 8, 9 and 10..

2) Wealth Boosters: At the end of the 12th year, we will add 3.25% to your fund value or 1.5% in case of One Pay.

Loyalty additions and Wealth Boosters enhance your Maturity Benefit. So stay invested and pay all your premiums to get these benefits.

Do note that your Maturity Benefit will be at least 101% of the money you invest in this policy. This is known as the Assured Benefit. This Assured Benefit is applicable only on maturity and not on surrender.

Life Insurance Benefit: In this policy, if the person whose life is covered dies during the policy term, we will pay the person specified in your policy (the nominee) a lump-sum.

This amount that will be paid would be the maximum of the following 3:

A. Your sum assured which is ₹5,00,000.

B. Fund value at the time of death .

C. 105% of total premiums paid till the time of death

7

What happens if I pay premiums for lesser number of years than what I had chosen or decide to close the policy prematurely?

It is in your best interest that you pay premiums and stay invested in your policy till Feb-2033.

If you stop paying premiums or close your policy, you will lose benefits such as Loyalty Additions and Wealth Boosters, amongst others.

If you want to close your policy after completion of 5 years, your fund value will be paid out to you and your policy will be closed.

If you want to close your policy before completion of 5 years, then there can be a lot of scenarios depending on how many years you have paid premiums, whether you intend to resume paying premiums later etc. For complete details on the various scenarios, please refer to Part D of your Policy Document.

Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your Insurer carrying on Life Insurance business. If your policy offers guaranteed returns then these will be clearly marked 'guaranteed' in the illustration table on this page. If your policy offers variable returns then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependant on a number of factors including future investment performance.

How to read and understand this benefit illustration?

This benefit illustration is intended to show what charges are deducted from your premiums and how the unit fund, net of charges and taxes, may grow over the years of the policy term if the fund earns a gross return of 8% p.a. or 4% p.a. These rates, i.e., 8% p.a. and 4% p.a. are assumed only for the purpose of illustrating the flow of benefits if the returns are at this level. It should not be interpreted that the returns under the plan are going to be either 8% p.a. or 4% p.a.

Net Yield mentioned corresponds to the gross investment return of 8% p.a., net of all charges but does not consider mortality, morbidity charges, underwriting extra, if any, guarantee charges and cost of rider, if deducted by cancellation of units. It demonstrates the impact of charges exclusive of taxes on the net yield. Please note that the mortality charges per thousand sum assured in general, increases with age.

The actual returns can vary depending on the performance of the chosen fund, charges towards mortality, morbidity, underwriting extra, cost of riders etc. The investment risk in this policy is borne by the policyholder, hence, for more details on terms and conditions please read sales literature carefully.

Part A of this statement presents a summary view of year-by-year charges deducted under the policy, fund value, surrender value and the death benefit, at two assumed rates of return. Part B of this statement presents a detailed break-up of the charges, and other values.

The Insurance Laws (Amendment) Act, 2015

Section 41 Prohibition of rebates: (1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect

of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person

taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer: *Provided that*

acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of

premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent

employed by the insurer. (2) Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

Section 45 Policy not to be called in question on ground of mis statement after three years: (1) No policy of life insurance shall be called in question on any ground whatsoever after the

expiry of three years from the date of the policy, i.e., from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to

the policy, whichever is later. (2) A policy of life insurance may be called in question at anytime within three years from the date of issuance of the policy or the date of commencement of risk

or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud: Provided that the insurer shall have to communicate in writing to the insured

or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision is based. Explanation I. For the purposes of this sub-section, the

expression 'fraud' means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy: (a)

the suggestion, as a fact of that which is not true and which the insured does not believe to be true; (b) the active concealment of a fact by the insured having knowledge or belief of the fact;

(c) any other act fitted to deceive; and (d) any such act or omission as the law specially declares to be fraudulent. Explanation II. Mere silence as to facts likely to affect the assessment of the

risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his

silence is, in itself, equivalent to speak. (3) Notwithstanding anything contained in sub-section (2), no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can

prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that there was no deliberate intention to suppress the fact or that such mis

-statement of or suppression of a material fact are within the knowledge of the insurer. Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the

policyholder is not alive. Explanation. - A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the

insurer. (4) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival

of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was

incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued: Provided that the insurer shall have to communicate in writing to the

insured or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision to repudiate the policy of life insurance is based: Provided

further that in case of repudiation of the policy on the ground of mis-statement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the

date of repudiation shall be paid to the insured or the legal representatives or nominees or assignees of the insured within a period of ninety days from the date of such repudiation.

Explanation - For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the

insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured. (5) Nothing in this section shall

prevent the insurer from calling for proof of age at anytime if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are

adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal."
